

BIRTLEY MEDICAL GROUP

Patient Participation Group

Working in partnership with GPs and practice teams, Patient Participation Groups ensure the patients perspective is at the heart of local provision so that services are of high quality and continuously improve. Groups also provide practical support in the surgery, foster improved communication between the practice and its patients and help patients to take more responsibility for their health.

Would you like to have a say about the services provided at Birtley Medical Group? We would like to hear your views. By joining this group we would like to contact you every now and again to ask you some questions.

Application for membership of the Patient Participation Group

From time to time we need to contact our PPG members. This may be for example to ask for their views on a topic or maybe to invite into a meeting to discuss areas of interest relating to the practice.
